

***We want to thank you all** for generously giving over the past 3 years so that children can have the opportunity to experience what it means to think of others' needs and help, serve and uplift in their own unique ways. They are finding joy, purpose, self-worth and a passion for giving in the process. They are also developing the necessary educational, social-emotional and leadership skills to become our next volunteers and community leaders.*

We hope that our work makes you proud and adds joy and hope to Debbie's beautiful legacy.
